

APARTMENT TENANT SEVERE BED BUG SERVICE PREPARATION CHECK LIST

In order to ensure complete elimination of Bed Bug activity, the Tenant must follow the preparation procedures outlined below. The 60 day warranty will be void if the following preparation procedures are not performed completely.

1. All belongings need to be permanently removed and not returned to the apartment.

The exceptions are as follows:

- Solid wood furniture can remain (any furniture with cushions must be removed and not returned.)
- Clothing, pots & pans, dishes, glassware must be removed, and can only be returned after treatment if washed and dried with high heat.

Other examples of items that need to be permanently removed are:

- All electronics, pictures, drapes, books, paper.
- Beds must be removed unless advised otherwise by technician.

2. Remove all outlet and light switch covers and place in sink.

3. Detach all pictures and headboards from the wall and place in center of room.

4. Vacuum seams and surface areas of all sofa and chair cushions.

5. Vacuum under wall baseboards using a crack and crevice tool.

3. Remove vacuum bag and discard outside of building immediately.
